8-Day Iceland's Northern Lights

Day 1 | Depart for Reykjavik. Iceland
Transfer to the airport from Calendar House and check-in for the overnight flight to Reykjavik, Iceland.

Day 2 | Arrive Reykjavik
Arrive in Reykjavik and begin your group tour of Iceland as you head toward the famous Blue Lagoon. The high natural levels of silica, minerals and algae give the Lagoon its rich blue color – hence the name Blue Lagoon. Later, a city tour will show us the highlights of the capital. Welcome dinner and overnight at your Reykjavík hotel. (D)

Day 3 | Bogarnes
After breakfast, we drive north out of Reykjavik and through the tunnel under Hvalfjordur, one of the country's longest fjords. We make a visit at the Settlement Center museum in Borgarnes. Then, we continue to Deidartunguhver, Europe's largest hot spring, where around 200 liters of 97C hot water flows from the earth every second. Enjoy our short stop at the beautiful waterfalls of Hraunfossar and Barnafossar before returning to Reykjavik. (B,L)

Day 4 | Thingvellir National Park
The first highlight of the day is Thingvellir, the great lava arena in a rift valley, where the divide between the Eurasian and the North American tectonic plates is clearly visible. Get ready to visit Gullfoss Waterfall and the famous Geyser area, Strokkur, the world´s most active, is likely to spout several times. (B)

Day 5 | Selfoss - Vik
Today we will drive along the south coast and visit the magnificent waterfall of Seljalandsfoss. From there we head to Vík, a village east of Mt. Reynisfjall in Myrdal. Mt. Reynisfjall and its cliffs have few rivals in Iceland for richness of vegetation, bird life and the black sand beach of Reynisfjara. Arrive in Vik and check-in to your hotel for our 2-night stay before getting together for dinner and a lava show. (B,D)

Day 6 | Vik
From Vik, we travel along the south coast to Skaftafell National Park. Towering mountains, imposing glaciers, gulches with clear brooks and beautiful waterfalls give credence to its status. The most majestic of its several waterfalls is Svartifoss ("Black Falls") that cascade over a wall of symmetrical columnar basalt that resembles an organ. Our final destination is Jökulsárlón glacial lagoon, filled with floating icebergs, extraordinary landscapes and seals swimming in cold waters. (B)

Day 7 | Vik - Reykjavik
Today, we start by making a stop at Sólheimajökull Glacier, Iceland's fourth largest glacier before heading to the breathtaking waterfall Skógarfoss, which is 60m high and one of the most impressive waterfalls in the country. After, we experience the Folk Museum at Skógar before continuing Reykjavik. After some time at leisure, we get together for a farewell dinner. (B,D)

Day 8 | Depart Reykjavik
It has been fun! After breakfast, we depart for the airport. Upon arrival in the USA, transfer to Calendar House. (B)

Tour Deposit: $400 each at time of reservation Full Payment: September 2, 2027
