RIDING THROUGH THE TIMES

RAIL EXPLORERS * NEWPORT

NEWPORT CAR MUSEUM

THURSDAY, JULY 11, 2019

Head off to Newport for grand adventure that consists of vehicles of today and those of antiquity!

Today, you will experience magic of the rails like never before! Explore the great outdoors and the rails as you ride on the up-and-coming **Rail Explorers**. These open-air rail vehicles are easy to pedal and are perfect for all ages and all abilities. You and your rail companions will choose the speed you go. You will travel on a railroad line that is just a few feet above sea level. This unforgettable, yet enjoyable ride will take you along historic Aquidneck Island and spectacular Narraganset Bay.

Also today, spend time viewing the cars of eras gone by. The beauties at the **Newport Car Museum** will have you wanting to break down the walls and take a spin in these fine and antique cars. Perhaps you will see some Fords, Shelbys, Corvettes and more.

Enjoy some **free-time** in Newport. Here, you can shop, have a late lunch on your own, and watch the boats. As the free-time in Newport will not be until later in the day, you may want to bring snacks to help you get through the day.
